

Unified A/R Hires Brittany Rodgers as Sales Engineer

NASHVILLE, Tenn., May 19, 2022 - Unified A/R, a fintech leader in B2B A/R and payment acceptance technology, announced today that Brittany Rodgers has joined Unified as Sales Engineer.

Ms. Rodgers will manage new client onboarding and integration activities, providing a personal approach as the liaison between enterprise clients and Unified A/R's IT, Implementation, and Quality Assurance Teams. Brittany is an industry leader with a wealth of technical and relationship management experience from previous Senior Operations and Account Management roles at EVO Payments.

"Ensuring a seamless implementation and go-live experience for our clients is a core value of Unified A/R. As our team's integration and support expert, Brittany will strengthen our ability to continue delivering highly customized, streamlined implementations for our customers with little to no impact on their IT teams or daily operations," said Unified A/R CEO, John Perez. "I am delighted Brittany has joined us to drive this part of the client success roadmap. Her expertise allows Unified to scale rapidly while maintaining our commitment to provide an exceptional service and support experience for our clients."

"I am thrilled to join Unified A/R and become part of this team that truly is transforming B2B order-to-cash for businesses," Brittany said. "I look forward to helping add even more value to the onboarding and implementation experience for Unified's clients."

Rodgers earned her bachelor's degree in Business Administration and Operations Management from the University of Cincinnati. She will be based in Cincinnati, Ohio.
